

Extra strengthened Round sling

Product information

Round sling – Extra Strengthened

Extra-reinforced sleeve for a better resistance to tear and wear, abrasion, puncture.

Sleeve constituted of woven strands with extra thickness (relief patterns) for more resistance. Configuration: Endless sling including a bearing fiber core in textile wire totally protected in a woven sleeve

Material: Fiber core and sleeve : 100% polyester high tenacity multifilament fibers.

Marking: According to standard, Manufacturer's symbol, working load limit (WLL), effective working length, CE marking, batch number, handling instructions.

Temperature range: From -40°C to +100°C

Finish: High resisting blue pvc label sewn on the sling.

Standard: EN 1492-2

Note: Instructions of use : Ensure that sling is protected from any sharp corners and/or abrasive surfaces, use either protective polyester, polyurethane sleeves or coatings.

Safety factor: 7:1
