

## Double swivel lifting point Codipro DSP

### Product information

The DSP double swivel lifting point provides the option of adapting other lifting accessories: passing a cable or rope through it, placement of a ring with a large eye for using hooks that are disproportionate to the lifting ring,...

With its double swivel action, the DSP ring can be perfectly aligned with the sling. It consists of a steel ring that has a rotating range of 360°.

#### Features:

- 360° rotation.
- Swiveling under load.
- 180° articulation.
- Control anti-crack on 100% of the product.
- Fatigue test.

**Marking:** According to standard, CE-marked

**Temperature range:** -20°C up to + 200°C

**Standard:** EN 1677-1

**Safety factor:** 5:1
