Periodic General Inspection of Personal Protective Equipment

Product information

The Labour Code requires employers to carry out periodic general checks on personal protective equipment (P.P.E). In the event of failure to comply with these controls, the employer is exposed to risks of bodily injury and property damage, financial penalties, and judicial and criminal proceedings up to 5 years in prison and a 75,000 euros fine.

At Traction Levage, to ensure the safety of users and a safe intervention, we inspect and carry out tests on your P.P.E

You want to have your P.P.E checked? Then ask our teams for a quote via our website
