Crane fork - TKG vh

Product information

General: Yale Tigrip Crane forks model TKG vh - Capacity 1000 - 5000 kg
These crane forks are adjustable in height and equipped with adjustable fork tines. The balancing system engages when the shackle is manually hooked into the appropriate notch.

Features:

- Safety factor 4:1
- Maintenance-free
- Highly visible safety colour.
- For the transport of rings or coils, the fork tines are simply pushed together.
- Easily adjustable tines for all pallet sizes.
- Adjustable height.

... *Read more*

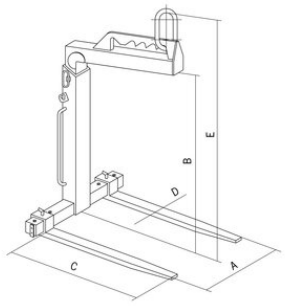

Marking: CE-mark
Warning: The load must not exceed the fork length. For the transport of loads above persons (e.g. on construction sites) appropriate security measures against falling loads or parts must be taken.
