

## Aluminium Hollow Plunger Cylinder HAHC S

### Product information

Holmatro aluminum hollow plunger cylinders (HAHC) - Spring or hydraulic return

#### Unique specifications:

- Up to 60% lighter compared to steel cylinders - easy & ergonomic
- Compact design and a lower build-in
- Suitable for pulling, lifting, tensioning in all positions
- Duo power ring; a combination of a superior seal and an extremely strong composite bearing for a longer life span
- The plunger is coated with a hardened anodized layer, which makes it extremely wear & corrosion resistant

#### Standard supplied with:

- High flow female coupler A118
- Hollow saddle; prevents damage to the plunger
- Larger cylinders are equipped with foldable handles for easy carrying and positioning

#### Also available:

- Hydraulic pump units 700bar to control your system
- Hydraulic hoses 700bar
- System components to complete your hydraulic system

**Material:** Aluminium
