Lifting Beam for Big Bags

Product information

Low profile lifting beam for handling big bags with four lifting eyes. Fits most bags with the measurements of 75x75 cm to 105x105 cm in the bottom.
Design: The attachment points of the bag´s liftingeyes are leveled with the lifting point of the beam - see drawing. The attachment points are extra thick and round to protect the lifting eyes of the big bag and are also designed to prevent the bag from sliding.
Proof: Batch proof 2 x WLL.

Material: Plate of high-strength structural steel.
Marking: WLL and CE marking.
Finish: Yellow electroplated.
Note: Special design lifting beams with negative lifting height for other dimensions of big bags and loads are also manufactured. We also manufacture lifting beams/spreader for simultaneous handling.
