RFID Drop Tag PRFIDT POWERTEX

Product information

The PRFIDT (POWERTEX Radio-Frequency Identification) drop tag is intended to be used for quick and easy asset control. PRFIDT has a well-protected chip mounted on stainless drop shaped tag.

The tag can easily be mounted to a chain sling or a wire rope sling using POWERTEX heavy duty key ring. The chip has a unique ID-number making it possible to connect the chip to a certain product using an asset control program like CertMax+ to plan so that inspections etc. are carried out in time.

The chip´s UID number is also marked on the tag.

Features:

- RFID chip type: Drop shaped tag
- Operation frequency: HF – 13,56 MHz
- Protection class: IP68
