

## Load Binder Pewag RSKWP

### Product information

- Ratchet lever is foldable by 90° and it clicks into the cylinder knob or between two knobs
- A safety mechanism keeps it in its position to avoid accidental opening of the lashing assembly
- Flat system due to foldable ratchet lever
- Space-saving
- Reduced risk of injury: prevention from getting caught by the ratchet lever
- Open system
- Turnbuckles and short loadbinders shall have a securing device against working loose
- Possibility to obstruct the load binder in the U-lock (theft protection)

**Marking:** According to standard

**Standard:** EN 12195-3

**Note:** The RSKWP load binder may also be used for lifting operations.
