

Plate Clamp KF

Product information

Clamps for lifting and handling unit loads of steel (sheets, profiles, welded assemblies, steel structures, etc.).

Clamps fulfill the Machinery Directive 2006/42/EC.

Marking: CE-marked

Temperature range: -20°C up to +100°C

Warning: Plate clamp KF can only be used to lift vertically. Never lift people with this equipment. Never use with a plate thickness thinner than the recommended minimum thickness or thicker than the recommended maximum thickness.
